

Readings:

- Albert - Chapters 6-8
- Boccio - Cats and Friends
- Boccio - Quantum Erasers
- Boccio - Watched Pots
- Boccio - Many Worlds
- Boccio - Decoherence
- Boccio - Cat Decoherence
- Boccio - Infinite Regression
- Boccio - Measurement
- Boccio - Computing and Teleportation

This week we look at a wide variety of strange quantum phenomena including cats, friends, erasers, pots, worlds, decoherence, measurement, computing and teleportation. Along the way we think about quantum reality.

Presentations:

- Cats and Friends
- Quantum Erasers
- Watched Pots
- Many Worlds
- Decoherence
- Cat Decoherence
- Infinite Regression
- Measurement
- Computing and Teleportation
- Albert - Chapter 6 - Dynamics by Itself
- Albert - Chapter 7 - Bohm's Theory
- Albert - Chapter 8 - Self-Measurement

Seminar Break:
